

Dental Benefits for Veterans

Dental benefits are provided by the Department of Veterans Affairs (VA) according to law. In some instances, VA is authorized to provide extensive dental care, while in other cases treatment may be limited. This Fact Sheet describes dental eligibility criteria and contains information to assist Veterans in understanding their eligibility for VA dental care.

Outpatient Dental Program

The eligibility for outpatient dental care is not the same as for most other VA medical benefits and is categorized into classes. If you are eligible for VA dental care under Class I, IIC, or IV you are eligible for any necessary dental care to maintain or restore oral health and masticatory function, including repeat care. Other classes have time and/or service limitations.
