

Admission FAQ

Thank you for your interest in the Northern Nevada State Veterans Home. We are proud to serve those who have served our nation. Below are the answers to some of our most frequently asked questions.

Who is eligible for admission? Veterans who have been honorably discharged from active service; spouses and surviving spouses of eligible veterans; Gold Star parents.

What type of care do you provide? We are a licensed Skilled Nursing Facility, and provide both short-term rehabilitation and long-term care.

Short-Term Rehab care typically follows a hospital stay and is often covered by Medicare benefits. We have a specialized Short-term rehab community that provides Physical, Occupational, and Speech Therapy.

Long-term placement provides care for veterans who need assistance with the activities of daily living and wish to live with us for an extended period of time, or permanently. Staff will assist with showering, dressing, meals and personal care.

Memory Care is also available in our dedicated memory care community. This is a secure community for those with dementia or Alzheimer's issues as well as a history of wandering without regard for safety. Veterans who have memory concerns or confusion with no wandering issues may be cared for in our long term community.

What is the cost for long-term care? The VA subsidizes the cost of care for eligible Veterans, but not for spouses. We also accept Medicaid and have Medicaid Certified beds available for long term care.

Long-term care costs are as follows:

Private Pay Daily Rates	Total Cost / Day	30-Day Cost
Veteran	\$173.00	\$5,190
Service-Connected Veteran (70-100%)	Covered at 100% by VA	none

Please note they do not include medications, physician charges, therapy services or specialized medical equipment or services. Those will be billed to insurance and copay charges will be the veteran's responsibility.
