Silver State Store

All contributions will directly benefit the residents of the Northern Nevada State Veterans Home.

The Northern Nevada State Veterans Home (NNSVH) was designed to feel more like a home than a healthcare facility; the principle behind the design was to create a high-end resort that offered superior nursing care services, rather than a skilled nursing facility that offers some quality-of-life amenities.

The NNSVH offers destinations such as Cui-ui Coffee Shop, the Eagle Sports Bar, and a Beauty/Barber Shop.

The Silver State Store is another premier destination offered at NNSVH. Besides providing the obvious necessities and other fun items, the Silver State Store provides NNSVH residents happiness, dignity, independence, usefulness, and a sense of purpose.

The Silver State Store patrons will be the veterans who live at NNSVH, their family members who visit, our staff who care for the residents, and all other visitors. The Silver State Store will provide a variety of necessities and other fun items, such as toiletries, hats, T-shirts, stamps, greeting cards, drinks and snacks.
