
Veterans at Home

At Rebuilding Together, we believe that everyone should be given the opportunity to live in a safe and healthy home, especially our veterans and their families.

Too many Americans who once wore our nation's uniform, and sacrificed for our country, now live in substandard housing and are at severe risk of homelessness.

The need for sustainable, safe and healthy housing for veterans is dire.

According to the U.S. Census Bureau:

- Today, about 18 million Americans are veterans – and most are homeowners (75.6 percent).
- Nearly 2.3 million veterans live in poverty, unable to afford critical home repairs or modifications.
- About 61% of the 1.1 million older veterans living below the poverty line have a disability, often connected to their military service.

According to the U.S. Department of Veterans Affairs:

- Over 38% of post 9/11 veterans return home with a service-connected disability and face housing accessibility challenges as they transition from military to civilian life.

Rebuilding Together aims to amplify the efforts of federal programs, by bridging the gap in available services for our veterans. We offer assistance by working with our local affiliates across the country to provide:

- Home accessibility modifications and repairs
- Safe and healthy, whole-home rehabilitation
- Reconstruction and revitalization of nonprofits and community centers that serve veterans and their families

Together, with our corporate and community partners, repair homes, revitalize communities, rebuild lives, ensuring that everyone has a safe and healthy place to call home. Rebuilding Together is a solution-oriented, community investment partner that can help consolidate your community service initiatives by creating a hands-on, multimedia community service campaign to assist veterans and their families in need. As we rebuild homes, community spaces and nonprofit facilities, our lasting impact helps to stabilize and revitalize neighborhoods across the country.

Please join us to learn more about how we can partner in your local community.

Our Impact

In 2019 alone, more than 1,500 homes served by Rebuilding Together were veterans projects, either directly serving a veteran homeowner or their families. Since 2010, Rebuilding Together has completed over 10,500 veterans rebuild projects. Working with a diverse array of volunteers, corporate partners and community organizations, we are proud to serve those who have sacrificed to serve their own families, community and country.
