PROGRAM DESCRIPTION:

Please join The Leukemia & Lymphoma Society (LLS) for a free virtual education program for patients, family members, and healthcare professionals in partnership with the Nevada Department of Veterans Services. Participants will learn about veteran benefits, support resources, and tips for communicating more effectively with your healthcare team.

Participants will gain a better understanding of compensatory diseases and disabilities as recognized by the Department of Veterans Affairs and will learn how to access benefits in accordance with Nevada State Regulations (NRS). Attendees will also learn about NRS 417.123-128, previously known as Nevada Assembly Bill 300, and what it means for patients, family members, and healthcare providers.

In addition, participants will learn about survivorship issues and the support resources available in their community, as well as those provided by LLS, to help manage life before and after cancer. We encourage you to invite your caregiver, family members, and healthcare providers.
