

OUR STORY

THE SOUTHERN NEVADA STATE VETERANS HOME

is an award winning, 180-bed community.
We are located in Boulder City, about 12 miles from Henderson, Nevada.

WHO WE SERVE

We serve eligible veterans, their spouses and Gold Star Parents. We are State-owned and operated, receiving support from the Department of Veterans Affairs.

WHAT WE PROVIDE

We provide 24-hour skilled nursing care, seven days a week. Premiere care offered:
Short-term rehabilitation - including care after a hospital stay that may involve physical, occupational and/or speech therapy.
Long-term care- including memory care for those with dementia, Alzheimer's, history of wandering.

HOW WE ARE DIFFERENT

It boils down to three things;
CULTURE, COST, CARE.

CULTURE

The Care Team is experienced in supporting the history of military service of veterans, their spouses and Gold Star families!

Veterans Homes are operated under a "Person-Centered Care" philosophy; incorporating resident preferences in decision making.

Residents play an active role in shaping decisions affecting their lives, not only improving operations but giving veterans, who were leaders in their military lives, the dignity of determining how their care will be provided.

CULTURE, COST & CARE

About 75% of our veteran residents are male, whereas in a non-veteran home the reverse is true.

Instead of entering a residence and having to establish relationships with strangers, every new resident has a common tie with all others- the shared experience of service to nation and the bonds of comradeship.

The veteran pays for the stay from a variety of revenue sources, to include Medicare/Medicaid, VA compensation, pension, per diem, and private pay sources.
